

Newsletter Winter 2018

Welcome to Our Newsletter

DECEMBER 2018

We have been Learning about....

0-2's (Explorers and Discoverers)

The children in Explorers and Discoverers have been learning all about space following on from the rockets they seen on firework night. With the cold and dark nights, the children have been looking outside and seeing the moon and stars in the sky. The children created their own moons and stars to hang on the room windows and made rockets from recycled materials. Their favourite song throughout the topic was twinkle twinkle little star. They are now moving onto learning about winter.

Investigators (2-3's)

Investigators have started their new topic on winter. The children have been learning how to put their winter clothes on by themselves to prepare them for the cold days and nights. The children have been creating fantastic winter pictures and have started getting very excited about Christmas, learning new songs, practicing wrapping up presents and making Christmas tree pictures. The children love seeing all the lights up in their room especially when it's dark.

Inventors (3-5's)

Children in the 3-5's have been learning their Christmas songs and lines for performance at their Christmas nativity in front of all their family. The children performed a dress rehearsal in front of the nursery and were very confident and loud. The children have also been learning about space and have been learning and creating the planets and finding out facts about space which they completed at home and brought into nursery.

Facebook Page

Thank you to all parents who have liked our Facebook page. We would love if you can review and leave us a comment.

Clothing

Can all parents please ensure that their child has a spare set of clothes with them to nursery. We are running low on spares in the nursery therefore if your child does become dirty or they have an accident you will need to be called to bring fresh clothes.

Winter Menus

We have now moved onto our Winter menus. If you require a copy, please let us know.

You can view them on our Facebook page or in the nursery clock room.

Thank you to everyone who bought cakes from bake sale that Amy Bell (Emma Nursery Managers Daughter) organised. She managed to raise £60.00 For Chest, Heart and Stroke Scotland. Amy completed a sponsored bike cycle raising a total of £410.00 altogether. AMAZING! Well done Amy.

Employee of the Year

It's nearly the time of year again where we need your input to vote for Employee of the Year. If you do have a staff member in mind, please write down your reason on a voting slip and post into the box. The closing date **Friday 28th December.**

Christmas and New Year Closures

The nursery will be closed on:

Tuesday 25th December
Wednesday 26th December
Tuesday 1st January
Wednesday 2nd January
